Summary of Legislation

For FY 2018-19 only, the bill requires that the General Assembly appropriate \$10 million for small, rural school districts and state Charter School Institute (CSI) schools with small, rural accounting school districts, to be used for nonrecurring expenses. Eligible districts must be designated as rural by the Colorado Department of Education (CDE) and enroll fewer than 1,000 students in kindergarten through 12th grade. Funds are distributed on a per pupil basis and must be distributed to charter schools in each district based on each charter school's enrollment.

Background

CDE is charged with determining which districts are considered small, rural districts. Currently, 147 of the 178 school districts in Colorado are designated as rural or small rural districts, based on criteria established by CDE. There are 41 state CSI schools, of which one is in a small, rural district with under 1,000 students (Frontier Charter Academy in Calhan RJ-1 School District).

State Expenditures

The bill increases state expenditures by \$10.0 million in FY 2018-19. The fiscal note assumes that these expenditures are from the General Fund. Funds are distributed to school districts based on the FY 2017-18 funded pupil count of each district and the total student enrollment at CSI schools. Funded pupil count and CSI enrollment at rural or small rural districts totaled 36,429 in FY 2017-18, resulting in a per pupil distribution amount of \$274.51 per pupil. Appendix A shows a breakdown of total funds distributed to each district.

School District Impact

The bill increases state revenue to small, rural districts and CSI charter schools on a one-time basis. Funds are to be spent on nonrecurring expenses. Funding is distributed based on funded pupil count and total enrollment at state CSI schools. Appendix A shows the distribution of funding among qualified school districts.

Effective Date

The bill was postponed indefinitely by the Senate Education Committee on April 26, 2018.

State Appropriations

For FY 2018-19, the bill requires a General Fund appropriation of \$10,000,000 to the Colorado Department of Education.
