secretary to determine that a town is abandoned. In addition, the bill allows for a county, a landowner in the town, or a registered elector in the town to apply to the secretary to determine a town is abandoned when a town has no board of trustees or town clerk, when a town is unable to hold an election, and when a town owns or operates infrastructure critical for the treatment or delivery of water to residents.

The bill also authorizes the department of public health and environment to transfer up to \$100,000 from the small communities water and wastewater grant fund to the department of public safety to cover the cost of operation and maintenance of a town's water system if an application for abandonment of the town has been filed with the secretary and the town has a water system that is failing or is likely to fail.

4 **31-3-201. Procedure for determination of abandonment.**

5 (1) A TOWN MAY BE DETERMINED TO BE ABANDONED:

6 (a) When any town has failed, for a period of five years or longer
